- (c) Over time to promote Elliot Scholars as examples of young people whose achievements, despite difficult circumstances, are worthy of emulation.

- 5.1 Applications must be made on the form approved for the time being by the Trustees and by the date prescribed in the application form.
- 5.2 Applications must be made only by or in the name of a candidate's Principal.
- 5.3 The Trustees expect a Principal to submit only one application each year.

## **6 DELIBERATIONS AND CHOICE OF SCHOLARS**

- 6.1 From the applications received in a year, the Trustees shall appoint a panel to shortlist a group of candidates for interview. The shortlist shall comprise no more than six candidates.
- 6.2 The shortlisted candidates shall be interviewed by a panel convened by the Trustees for that purpose, and the Scholars for the year shall be decided by the Trustees after due consideration of the applications, supporting information and interviews of all the shortlisted candidates.

- 6.5 The Trustees shall arrange for each Scholar to be presented with a permanent record of their award at a ceremony marking its importance. For as long as it is agreeable to the incumbent, that ceremony shall be presided over by the Governor-General of New Zealand.

## **7 PAYMENT OF SCHOLARSHIP FUNDS**

- 7.1 A Scholar will receive their Scholarship funds in instalments calculated according to the number of years usually involved in the Tertiary Study they elect to pursue, and as arranged between the Scholar and the Trust.
- 7.2 Payment of each instalment shall be made by the Trustees to an account nominated by the Scholar for the purpose of receiving their Scholarship funds.
- 7.3 Payment of any instalment of a Scholarship may be withheld if a Scholar's performance in Tertiary Study is poor or if a Scholar's behaviour in any respect is such as to bring, or to be likely to bring, the Trust, the Trustees or the Scholarship or other Scholars into disrepute, as to which matters the Trustees shall be the sole judge.
- 7.4 Scholarships are awarded in the expectation of a scholar undertaking tertiary study. If, having been awarded a scholarship, a Scholar pauses, or ends their Tertiary Study before completing it, the Trustees may make such changes to the

scholarship payments that would otherwise still be due to the scholar, as they consider appropriate, having regard to the objects set out in regulation 2.1.

## **8 OTHER CONDITIONS OF AWARD**

- 8.1 If a Scholar receives in the year of his or her award any one or more other scholarships or awards whose combined value is more than 50% of the value of their Scholarship, their Scholarship shall abate to the sum produced in accordance with the formula in regulation 8.3.
- 8.2 If the product of the formula is a negative number the Scholarship shall abate to zero, but the Scholar shall still be afforded the style and title of a Scholar.
- 8.3 Subject to regulation 8.2, the abatement provided for in regulation 8.1 shall be to the amount produced by the formula:

$$A - (B - C)$$

### **Where:**

A is the value of the Scholarship before abatement;

B is the value the other scholarships or awards received by or conferred on the Scholar; and

C is 50% of the value of the Scholarship before abatement.

### **Example 1**

Scholar receives a university award for all fees to the value of \$75,000 in a year where the Elliot Scholarship is \$25,000:

$$25,000 - (75,000 - 12,500) = - 37,500$$

Because the sum is a negative number, the Scholarship abates to zero.

### **Example 2**

Scholar receives other awards totaling \$17,500 and the Elliot award is \$25,000:

$$25,000 - (17,500 - 12,500) = 20,500$$

Scholarship abates by \$4,500 to \$20,500.

### **Example 3**

Scholar receives other awards totaling \$10,000 and the Elliot award is \$25,000:

No abatement is required because the other awards are less than half the value of the Scholarship.

- 8.4 A Scholar shall co-operate with the reasonable requests of the Trustees to publicise the Scholarships generally, the award to the Scholar, and the objects of the Trust.
- 8.5 In each year that a Scholar receives an instalment of a Scholarship, he or she shall actively pursue reasonable opportunities to fulfil the objects referred to in regulation 2.1(c) and (d) and shall report to the Trustees at least once each year on those activities, their progress in Tertiary Study and involvement in other activities including sport, community, and leadership activities.
-
